REVIEWS ABOUT US

CHRISTIAN

I have now been to the Dive Center Krk for the 8th time. This time with a small group consisting of 6 men. As always, it was excellently organized by the apartments and diving! Through the 2nd base, the Dive Loft in Vribnik on the other side of the island you are very flexible if the day boat doesn't go out due to strong winds!
We will be back definitely!

LILLY

The diving center and the Dive Loft are so popular for a reason! We met various people there who have not only been there several times, but have also been there several times this year alone!
A top team, a fluid organization, lots of good tips, a lot of (authentic) good humor and, last but not least, very good diving spots can be found there.
